TREE PLANTATION ACTIVITY

22 nd August 2016

On 22 nd August, 2016, B.K.M.Science College, Valsad Successfully completed the event of Tree PlanZtation under the National Service Scheme at college campus. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today.

Welcome speech has been given by the Principal Dr.Dr.Vikas Desai. At that time Principal advice to volunteers to think differently for the Society to make positive changes and to make improvement. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important today's aspects.

Vice Principal Dr.T.G.Gohil orients the NSS volunteers by notifying the importance of NSS for them as well as society. He shared his past experiences with volunteers that how he got the success through NSS and what difficulties he faced while performing his role as Programme Officer. He said that "In society all the human beings are comprise equal importance, no matter with the Men or Women." He also said that the dedication is must to accomplish the goals and dreams in life.

Prof.Rajeshkumar Solanki N.S.S. Programme officer told the volunteers and passed a message of kindness & being helpful to the needy people. After the inspirational words of Principal, Vice Principal and NSS Programme office. All move towards the place where tree plantation took place. A very first tree plant by Principal Dr.Vikas Desai in college premises and Vice Principal Dr.T.G.Gohil than Prof.Rajeshkumar Solanki N.S.S. Programme office also plant a tree.

The students enthusiastically planted saplings and watered the plants. Students and Teachers planted various types of plants some of them being Jacuranda (niligul mohar), Queen's flower, Queen's Crups, Indian laburnum, Copper pod (tamrashirchi), Mountain Ebony, Purpleorchid tree (kachanar), African Tulip tree, scarlet, fountain Tree (Pichakari), Rain tree and jurul tree. Our teachers had also explained about the trees and the importance of tree plantation. Even our help staff also taught us how to plant them and then they watered the plants. The helpers told us different thing about the plant, their uses etc. The saplings were supplied by the forest department.

Total tree planted by all others including teachers and volunteers was more than 55 on the day. All were happy and experience proud after the tree plantation event was finished, because it really feels great to do positive for the nature. The tree plantation programme was appreciated by the students. The programme created a great stir among the students. At the end of programme there was a photo session with Principal, teachers and student.
