13-03-2019

To increase the knowledge in the field of Chemistry the Chemistry department of our college has organized a lecture series on 13-03-2019. In that the guest was Dr. Navinbhai B.Patel who is serving as a head of the Chemistry department in Veer Narmad South Gujarat University, Surat, has given information on the 'Introduction and Application of Spectroscopy'. The students were gained the thorough knowledge of Chemistry. Moreover, he gave useful information related to research areas. It was a great informative lecture which can be more impactful for their future.
