Blood Donation Camp Youth Red Cross Unit of the college

18 th August 2016

A blood donation camp was organized by Youth Red Cross unit of B.K.M Science College in coordination with Youth Red Cross Society, Valsad Unit on 18/8/2016 in the College campus. The programme was held in Botany laboratory. A medical team doctors and para medical staff from Blood donation centre, Valsad came to collect blood. After arrival of the Medical Team, all of the volunteers arranged the beds and other arrangements in the Botany laboratory. In the beginning of the camp Principal gave floral well come to doctor and par medical staff.

Principal Dr.Vikas Desai encouraged the students by telling that blood donation is not a small donation it is big donation. It could save someone's precious life, Could light a family's lamp, and could give happiness to a family. He he said participating in such blood donation camp can enhance the virtues of humility and generosity among the students. He said the blood donation is the contribution to the moral and spiritual growth of a human being.

Vice principal Dr.T.G.Gohil motivate ed the students to come forward to donate the blood to save human life even in emergency. Blood donated helps the blood bank to keep a repository of blood which can save lives.

On the occasion, blood centre Doctor said that there are a lot of misconceptions related to blood donation but they are not true. Whenever anyone donates blood it also inspires others for the same. I would like to overcome those fears. After donating blood there is no weakness in the body of any kind.

Convener of the Programme Dr.S.M.Patel said that blood scarcity is a common hindrance to the health system in our district and many lives are taken due to a shortage of blood units. He motivated the students to donate the blood. The camp started at 11.00 a.m. and continued up to 2.00 p.m. Blood donors were also given healthy fruit snacks and tea/coffee. 28 units of blood were collected and students, some staff member donated blood with great enthusiasm. Students were also tested for sickle cell anemia.

The Red Cross Society was immensely appreciative of the gesture of the camp. The students were given certificates. Many students donated blood for the first time. Many students expressed their resolve to donate blood for the needy. The program was successfully concluded and students were applauded for this noble venture. The Programme ended with a vote of thank by Dr.S.M.Patel.
