Report on College Trip to Killad Eco-Camp Site

An excursion was organized by the Department of Mathematics, on 13th January 2017, for Third Year B.Sc. and M.Sc. students. The tour was an exposure trip to a place with great natural surroundings. It was a one day journey to Killad Eco-Camp Site, followed by a trek to Gira falls and Waghai Botanical Garden.

52 students were a part of the trip, accompanied by five faculty members of the department. The site was not just a place of breathtaking beauty, but also a haven of peace and Tranquility. The basic mathematical facts that can be observed in the nature was also discussed during the trip, and students were astounded to witness the importance and use of mathematics in nature (For example Fibonaaci Sequences in Flower Petals, Golden Ratio, Symmetry, Trigonometry etc).

Thus, it was a indeed a very educative and valuable trip for students, where along with learning they also enjoyed the beauty of nature.
