

# B.K.M.SCIENCE COLLEGE,VALSAD

CELEBRATION OF HINDI DAY 2017

Being the national language, Hindi language needs to get more attention in the present time. With this concern the institution has arranged debate competition on 14-09-2017 in collaboration with "UPVAN", an NGO. Many students have participated in the competition and gave their excellent performance. Moreover, the participants were awarded with prizes, too. Our principal, Dr. Vikas Desai has encouraged the students and motivate them to participate in more competitions and make them more competent and confident.
