

# B.K.M.SCIENCE COLLEGE,VALSAD

A lecture on  
"Sixth Mass Extension" by Biology Department  
5 th February 2017

As part of Student extension activity program a Lecture was organized by the Department of Biology on 23 th february 2017. Professor Dr.M.N.Reddy Department of Boiscience, Veer Narmad South Gujarat University, Surat was invited for a talk to the students on "Sixth Mass Extension". The programme begun with a prayer by student of the college. A floral Welcome was given to the distinguished speaker and invited guest. Introduction of the Speaker was given by Prof.D.D.Patel of biology Department.

Principal Dr.Vikas Desai told that Such Lecture help students improve their learning in a more interactive, topic specific way. In fact help students expand their area of knowledge and add to their quantum of knowledge and will also enlighten students on different latest Botany topics. He told that told that Such lecture in fact help in student enrichment through knowledge transfer from experts to students.

Vice Principal and Head the Biology Department Dr.T.G.Gohil gave information about lecture and told that such interactive lecture will enrich the mind of students, giving them windows to explore, the marvelous world of science and scientific pursuits. Lecture can be used to make classes more approachable and appealing to students. The lecture can be very helpful not only for the students, but can also contribute to the teacher's knowledge and practices.

It was very enriching and enlightening lecture for the students and for the faculty as well and was well received by the students as some the students took actively part in the question- answer session which were then answered by the invited Guest lecturer.The vote of thanks was given by Dr.Brijesh Shah of Biology Department.
