

B.K.M.SCIENCE COLLEGE,VALSAD

MEGA JOB FAIR
21-02-2017 TO 23-02-2017

Employment is the main focus for any country/society/college. Because just to give the best education or training to the students is not enough. The system has to provide platform to the students to implement and explore their Knowledge and skill in professional field. B.K.M.Science College, Valsad has committed to achieve, maintain and continuously improve excellence, ethical values and overall development of student's community.

We believe that the responsibility of the institution is beyond giving the education to students to qualify their academic with flying colors. We take additional responsibility to support them in making a right start of their career. In our desire to help them in this aspect B.K.M.Science College,Valsad has organized "Job Fair – 2017" at the campus. The Job fair was not only for Graduates of Science, Commerce, Arts, Education, Diploma/Degree engineering students but also for MBA,MCA, B.Sc., BCA, ITI students. More than 1600 students have registered online and around 450 students have registered through on spot registration facility. 60 industries have participated in Job Fair – 2017.

Inauguration function was started at 10:00 o'clock in Sanskar Kendra Hall. The Principal, Vice Principal, Head of the departments, former Student Dr.Suketu Desai and student's representative Hamel Patel, G.S., facilitate the stage. Function started with a prayer by Dr.Madhvi Desai. A Floral welcome was done by Dr.Suketu Desai to the Company's Representatives.

Principal Dr. Vikas Desai in his inaugural address to the audience advised that student must have greater abilities to communicate and should be bold enough to display their knowledge. According to him the students must have some etiquettes and to be ethical with positive attitude. One must not focus only on the salary rather how much they can learn from their teaching spam, is more important. While addressing the students he focused on seeking perfection rather than having a lethargic "Attitude".

Convener of the Mega job fair, the Vice Principal, Dr. T.G. Gohil has given a brief information about Mega Job fair. He also briefed the audience that there are 65 companies offering almost 400 jobs. He conveyed B.K.M. Science College's endeavor has been given the industry a wide choice as well as make the students excel to compete. Job fairs are a great opportunity for college students. They get to connect with various employers at once. Also, there is a lot of scope for networking with the people from industry. However, remember that you won't be the only candidate at the fair and there will be thousands of others like you. For you to get noticed and leave an impression on the recruiter's mind you'll have to stand out from the crowd.

Principal,
B.K.M. Science College,
Valsad, Gujarat, India.

Dr.Suketu Desai congratulated Team B.K.M.Science College for conducting a Mega Job fair in a large scale which will be beneficial for the student and Industries. He also appreciated such efforts by the Institutions will bridge the gap between Industry and Academia.He appreciated the efforts of B.K.M.Science College in bringing 64 companies to the campus, which will definitely make it economical for students to attend to as many companies in a single day. He reiterated, more and more such Jobs Fair should be conducted.

On second day Honorable member of Parliament M.P. Dr.K.C.Patel and Honorable Valsad District Panchayat President Shri.Jitendrabhai Tandel visited the fair and congratulate the B.K.M.Science College for organizing a Job fair.

Objective behind organizing a mega job fair is

To provide maximum regional job opportunities to the students.

To provide students with opportunities to develop skills in communication, self-presentation, and networking, this will prepare them for job interviews and other professional interactions.

To develop relationships with area employers, which could lead to student internships, class visits, service-learning projects, and other work-based learning partnerships.

To bring campus-wide visibility to our department.

To raise employers awareness of the diverse and valuable skills that students gain as geography majors.

There were a huge number of companies and their stalls offering various jobs for the job-seekers. Many university graduates assembled there as it was a great opportunity for the job-seekers.

On the day of job fair, registration of the students was started early in the morning, Registration desks were according to the field that is B.Sc., B.Com., B.A., Graduates, diploma, degree engineering, BCA, ITI. Companies also started coming early in the morning. Companies were given particular location with a separate stall at the sanskar Kendra open ground. A list of companies and its requirement was displayed near registration desk. So that students can identify their choice of company. College provided all facilities to the industries for conducting their recruitment process. The process of recruitment was varying industries to industries, most of industry representatives have followed all their process like written test / Personal Interviews.

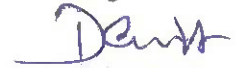

There were many companies who offered job on spot by taking interview of keen candidates. Many companies were seen to collect CV from the young graduates who came to the fair with a view to getting suitable jobs. The event witnessed a huge registration of candidates. On day first 3889 student and on day second 712 students had done registration all to gather 4601 registration were done. On day first 172 student and on day second 117 students were given job all to gather 279 students were given job.

As an effort to encourage the reading habits of students, Book Fair Exhibition on both days was arranged by the college. Several subjective and general knowledge related and other books were put in exhibition. There were some academic institution remain present in the fair. They display their courses offered to the students. So many students enthusiastically visited Books stall and academic stalls.

A session on how to perform on Group Discussion and Personal interviews skill was conducted for the final year degree students of the college by experts. More than 100 students participated in the training. Students found the programme highly informative and practical oriented. Besides the job-seekers, there were some young students in the fair who came to see the current job market. They were very much enthusiastic over their coming future.

Head of the Chemistry Department Dr.J.M.Desai thanked all companies, their representatives and participants for remaining present the Mega job Fair and making it a roaring successful. In fact, it was a pleasant experience to organized a job fair which was important for our unemployed youths.
