LECTURE on "REAGENTS & NAME REACTIONS in ORGANIC SYNTHESIS"

BY

K.H.CHIKHALIYA

28-1-2020

The institution organizes different programs and activities throughout the year. The aim behind such programs or lectures, is to make the students aware about different fields and add to their knowledge and make themselves competent. Among different programs, the chemistry department has organized lecture series under the umbrella of College Expansion Lecture Series on the topic ' Reagents & Name Reactions In Organic Synthesis.' In that the chief speaker was Dr. K.H. Chikhaliya on 28/01/2020. He has shared his wonderful knowledge with the students and enable them to be better in the field of chemistry. Such lectures always motivate the students for their betterment.
